🎓 EDUCATION

M.Sc.Business Intelligence and Process Management

Hochschule für Wirtschaft und Recht Berlin

09/2025 – Present | Berlin, Germany

B.Sc.Digital Business and Data Science

University of Europe for Applied Sciences

02/2022 – 08/2025 | Potsdam, Germany

📁 ACADEMIC PROJECTS

Data-Driven Insights for Airbnb Markets in Europe

09/2025 – 02/2026

Grade: 2.0

Technologies: Google Cloud Platform, Python, SQL, Excel, DBdiagram, Tableau

- Built an end-to-end ETLT pipeline (GCS → BigQuery) processing Airbnb data across 14 European cities
- Designed a Galaxy Schema data warehouse with conformed dimensions and four fact tables in BigQuery
- Cleaned and transformed data in Python, including currency normalisation, NaN handling, and VADER sentiment analysis
- Wrote SQL to generate gold-layer tables with pre-aggregated market benchmarks and a calendar dimension
- Delivered a live Tableau Cloud dashboard for analysts to explore pricing, seasonality, and event-driven demand

Weather Forecasting Mobile Native Application

03/2023 – 07/2023

Grade: 1.3

Technologies: Android Studio, Flutter, HTML5, PHP, CSS3, Bootstrap, Java Script, Figma, Jira.

- Created weather application using Flutter on Android Studio with 7 teammates
- Learnt UI/UX design principles to create an user interface using Figma
- Executed a collaborative software development project with a focus on effective teamwork, utilising Agile Development Method
- Integrated APIs to fetch real-time weather data, connecting theoretical knowledge with practical application

🏢 PROFESSIONAL EXPERIENCE

PlayAbroad LLC.

Business Development & Research Intern (Working Remotely from Berlin)

05/2024 – 02/2025 | Burlington, North Carolina, USA

- Researched European university football programs to grow the database by 125%, creating new partnership opportunities.
- Rebuilt the core educational database, improving data accuracy and making it 25% easier for internal teams to use.
- Turned complex data into clear business results that matched stakeholder needs and company goals.
- Managed multiple urgent projects at the same time, using strong analytical skills to meet every deadline.
